

Model : AD0405

5a Adapter with 4 Terminal Blocks

Key Features

- ▶ **Thermal Cut-offs protection (TCO):**
each output has independent PTC fuse and LED indicator, when problem occurs, only affect the independent output, other output still working
- ▶ **Short Circuit Protection:**
when short condition occurs, independent PTC fuse will open the circuit, when condition removed, PTC fuse will automatically back to close
- ▶ **High Voltage Protection:**
when high voltage occurs, the surge protection will be hit through to protect the connected device
- ▶ **Over Current Protection:**
when over current occurs, the power supply will automatically switch to self-protection status, when condition removed, then switch back to normal

Technical Specification

| | |
|---------------------------|------------------|
| Input Voltage | AC 90~264V |
| Input Voltage Frequency | 50/60Hz |
| Output Voltage | DC 12V ~13.8V |
| Total Output Current | 5A |
| Total outputs | 4 Channels |
| Fuse Type | PTC (Resettable) |
| Built-in PTC Fuse | 6A |
| Output Voltage Adjustment | 11~13.8VDC |
| Working Temperature | -30°C ~ +45°C |
| Dimensions (WxHxDmm) | 54 x 147 x 34 |
| Weight (g) | 230g |
